MEMORANDUM

Imphal, the 13th June, 2014

No. 16/1/2010 - DIT (Pt - 4) (Vol - 1): Common Service Centres (CSCs) in Manipur were set-up under National e-Governance Plan (NeGP), Government of India. The objective of CSCs is to delivery Public services at the doorsteps of the citizens. To avail uninterrupted power supply while providing G2C, B2C and other services by the CSCs, Government of Manipur through Ministry of New and Renewable Energy, Government of India has provided 1KVA Solar Power Pack each to all the 399 Common Service Centers in Manipur.

2. It has been reported that some VLEs are using the Solar Power Packs for domestic lighting purpose and/or leasing power supply to nearby houses and families. The Solar Power Packs installed in the CSCs are meant for support of the machines in the CSCs only.

3. It is hereby warned that any VLE found using Solar Power Packs for purposes other than CSC activities would be disengaged and their service terminated and appropriate legal actions taken against the offender.
